Trip Preparation Guide

This guide is intended to be updated regularly. If you have any suggestions for improvement, please speak to a member of the LRC Committee or send an email to the Trip Coordinator at:

tripcoordinator@landrovercluboftheact.com

So, you're heading off on that big trip. You've had your vehicle serviced and checked and now all you have to do is pack.

This guide covers everything from camping equipment to camera gear and may just remind you of something you've forgotten.

Invariably, it will need adjusting, especially for shorter trips close to home and to suit your particular vehicle and individual requirements, but we hope, nonetheless, that it helps ease the burden of pre-trip planning.

Hint: if travelling in the company of others, you may be able to distribute spares among vehicles if they are of similar specification. Similarly, recovery gear and tools may be shared to reduce overall weight and bulk.

Camping Equipment

- Tent/annexes
- Various tarps
- Tent pegs (various kinds)
- Ropes, carabeners
- Hammer
- Spare tent poles
- Pillows/pillow cases
- Sleeping bags
- Mattresses/thermarests
